

STUDENT ANTI-BULLYING POLICY

1. PURPOSE

At Central Coast Steiner School, all members of the community have the right to a safe and supportive school environment. A safe and supportive environment for students is one where students feel secure and cared for, and the risk of harm is minimised.

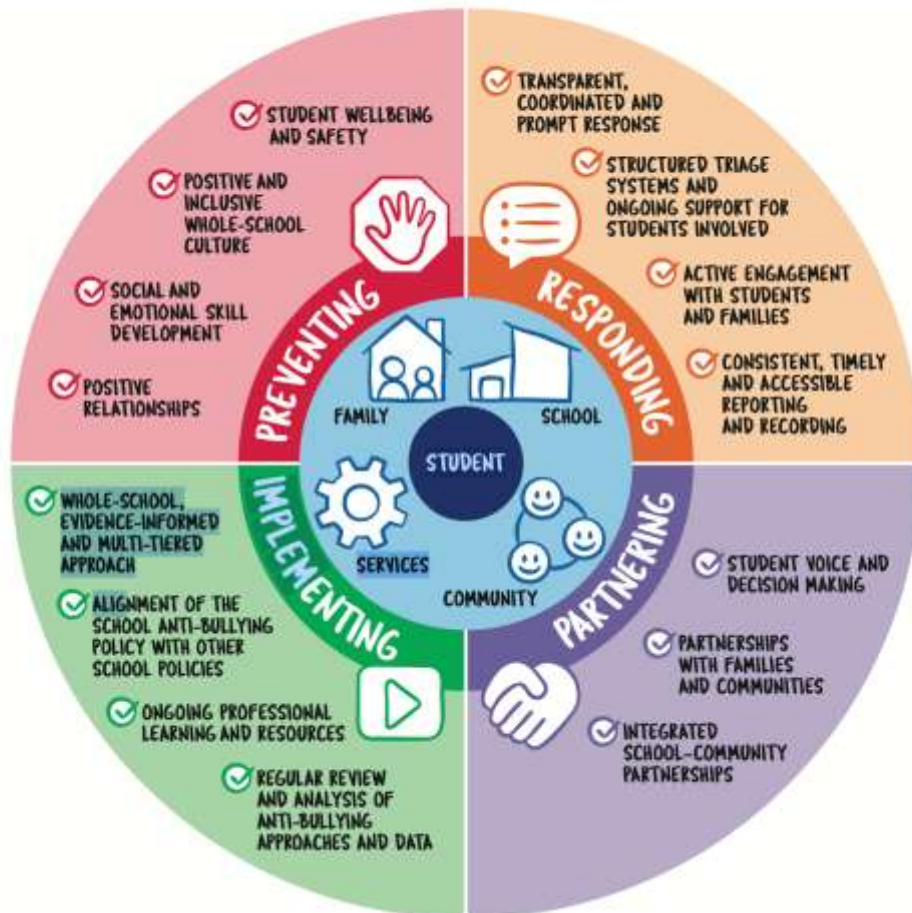

Our School community strives to establish and nurture relationships grounded in kindness and fairness. Bullying constitutes a violation of each student's right to dignity and safety at school. Bullying in any form is unacceptable.

Preventing bullying is the shared responsibility of students, staff and parents/guardians and our broader school community. We all share the responsibility to establish, nurture and restore healthy, inclusive and respectful relationships.

This Policy builds on the School's *Student Code of Conduct* and *Student Discipline Policy* to provide clear procedures and strategies to prevent, identify and respond to bullying. It aligns with the NSW Anti-Bullying Framework: <https://www.nsw.gov.au/education-and-training/nesa/school-regulation/nsw-anti-bullying-framework>

Bullying can happen in person or online, via various digital platforms and devices. It can be obvious (overt) or hidden (covert). Bullying behaviour is repeated, or has the potential to be repeated, over time. Bullying is often enacted where there is a perceived power imbalance, meaning that it can be difficult for the victim to stop it happening again

STUDENT ANTI-BULLYING POLICY

There are four main types of bullying behaviour:

1. **Physical:** Examples include hitting, pushing, shoving, intimidating or otherwise physically hurting another person, damaging or stealing their belongings. This includes threats of violence.
2. **Verbal/written:** Examples include name-calling, teasing or insulting someone about an attribute, quality or personal characteristic.
3. **Social/relational/ emotional bullying:** Examples include deliberately excluding someone, spreading rumours, sharing information that will have a harmful effect on the other person and or damaging a persons, social reputation or social acceptance.
4. **Cyber bullying:** Examples include any form of bullying behaviour that occurs online or via a mobile device it can be verbal or written, and it can include threats of violence as well as images, videos and/ or audio.
